

Global Corporate & Specialty

Aviva Construction, Renewable Energy & Mining (CREM)

Specialized protection built for high-risk industries.

It takes you. It takes a partnership. It takes Aviva.

Aviva Canada's **Global Corporate & Specialty (GCS)** division provides tailored insurance solutions to protect against the unique risks associated with organizations in the construction, renewable energy, and mining sectors. We deliver the insurance, multinational, and risk management expertise that enable companies to focus on building, innovating, and powering the future.

Benefits of a united team

The Aviva CREM team unites industry expertise in both Property and Casualty insurance to offer a one-stop solution for extensive coverage, cross industry insights, and greater efficiency.

- › **Coverage across high-risk industries:** With an industry focused team, Aviva can address the specific needs of construction, renewable energy, and mining industry customers in one place. Clients benefit from having access to industry specific knowledge that is unique to their business.
- › **Risk engineering:** The Aviva CREM team is supported by the Aviva Risk Management Solutions (ARMS) team, to better understand the complexities involved in these high-risk industries. We can help identify, evaluate, and quantify the risks our customers face to create a safer more robust business.

Key industries we serve

Construction: Our comprehensive construction coverage offers Builder's Risk and Wrap-up coverage solutions for large, complex projects, including typical building constructions and larger infrastructure or industrial builds. We focus on projects with 100% premium thresholds of \$250,000+ for COCs and \$100,000+ for Wrap-ups. Our coverage solutions provide the robust protection needed for large-scale construction operations.

Renewable Energy: Our coverage supports large corporate entities engaged in energy capture, production, and storage through:

- › Wind
- › Solar
- › Battery storage systems
- › Geothermal
- › Cogeneration
- › Hydroelectric
- › Biomass/biofuel

Mining: Our mining coverage supports a wide range of operations, with a focus on mines currently in operation in the precious and base metals space, as well as critical minerals and metallurgical coal sectors, ensuring tailored protection for more sustainable mining ventures.

About Aviva's Global Corporate & Specialty division

Aviva's Global Corporate & Specialty (GCS) division offers innovative, flexible insurance and risk management solutions for large corporate and commercial clients. Our specialists understand your business values, people, and vision, designing tailor-made solutions that exceed expectations in Canada and globally.

Operate outside of Canada? Aviva's GCS division also supports multinational businesses, offering expertise across global operations to meet complex regulatory and risk management needs.

A sustained commitment to reducing carbon emissions.

With a Net Zero ambition by 2040¹, Aviva is making a strong stance on climate action. Doing our part, Global Corporate & Specialty's (GCS) CREM team is dedicated to the renewable energy sector, and the construction and mining industries that support and supply it.
