

GCS Commercial Auto

Together, we can drive business forward.

Ownership or operation of commercial vehicles may expose businesses to industry-specific risks or hazards that can negatively affect their reputation and operational costs. Within the Global Corporate & Specialty (GCS) division of Aviva, we understand the needs of our clients and the risk exposures that are unique to each individual industry, and we can design Commercial Auto Insurance solutions based on the operations and unique profile of the fleet.

It takes you. It takes a partnership. It takes Aviva.
